

## FEATURES

- High CRI values at every color temperature
- Four Color Settings: 3000K, 4000K, 5000K, 6500K
- >100W tungsten output, 13W power draw
- Does not emit UV light/radiation
- Flicker free dimming with no color shifts
- Intuitive three-zone touch control
- Fan-free cooling for silent operation
- Weighs less than 3lbs
- Compatible with light modifiers
- Designed to illuminate color viewing stations

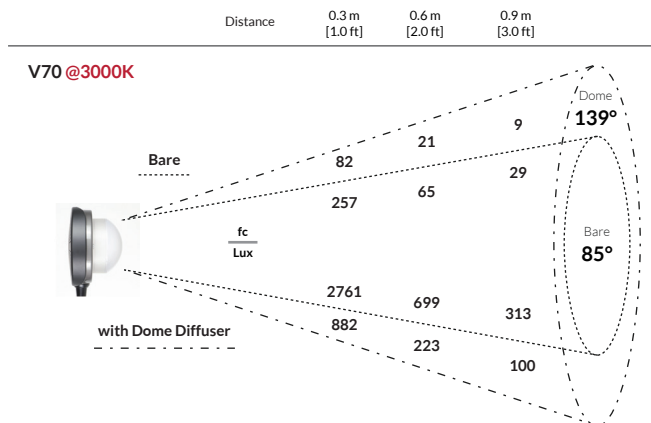

## MULTI-PHOSPHOR FULL SPECTRUM

with precise calibration ensures color accuracy at all settings

## PHOTOMETRIC DATA

## SPECIFICATIONS

Beam Angle	85° (139° With Dome Diffuser)
CCT Settings	3000K / 4000K / 5000K / 6500K
CRI	90 Typical
Dimming	100% - 20% Flicker Free
Light Engine	Dense Matrix LED
Power Draw	13W Max (100W Tungsten Equivalent)
DC Input	24V DC
AC Input	100 - 240V AC, 50 ~ 60Hz
Weight	2.76 lbs / 1.25 kg
Size	W 6.8" x H 27.2"
Thermal Design	Fanless Cooling System
Operating Temperature	32° - 104° F / 0° - 40° C

## OPTIONAL ACCESSORIES

Dome Diffuser

Fresnel Lens

Gel Holder
